

The Journey to Community Housing with Supports: A Road Map for Individuals and Their Families in NJ

The Supportive Housing Association of NJ recently published a guide to community housing that provides easy to understand information, advice and guidance about community housing and supportive services. The Housing Guide was designed specifically for individuals with disabilities and their families with a concentration on those with intellectual and developmental disabilities.

How to use the SHA Housing Guide to inform choices: housing models of interest, an overview of state policy and regulations governing housing and supports, and resource information.
