

2020 College Tour Schedule

Calling all students with intellectual and developmental disabilities and their families.

Too often students with intellectual and developmental disabilities aren't encouraged to consider college for their future. The Arc of New Jersey Family Institute wants to change that. With the right services and supports in place, many young adults can successfully attend college and graduate with a degree. The Arc of New Jersey Family Institute invites you and your student to tour the different college programs offered throughout the state for people with intellectual and developmental disabilities.

Date and College:

- **Wednesday, March 11:** College Steps at Kean University
- **Friday, March 20:** The Achievement Center at Raritan Valley Community College
