

SCARC, Inc. is pleased to host a parent workshop on

“Bullying Issues”

April 17, 2018

6:30 pm

SCARC Community Center, 4 Camre Drive, Newton, NJ

Presented by Hinkle, Fingles, Prior and Fischer

New focus on anti-bullying in school has revealed the extent to which students with disabilities - particularly those with social disabilities - are victims of bullying. While new laws offer important protections, it can also be misapplied in some situations, causing a student with disabilities to be labeled as bully. In this 90 minute program, attorneys will describe the regulations surrounding bullying and will discuss strategies to help ensure that bullying is appropriately addressed not only through reactive measures, but also proactivity through the IEP

Light snacks will be served. Child care is available **by request only**.

Please RSVP by January 12, 2018 to:

Daele Phlegar at 973-383-7448 ext. 254 or dphlegar@scarc.org
